Since 2006, I have mentored >75 undergraduate students as research assistants, research interns, and Undergraduate Research Scholars. Listings of [current lab members](#) and [students who have graduated](#) are available.

Mentored National Institute on Drug Abuse (NIDA) Summer Research Internships

The NIDA Summer Research Internship Program supports all students with a focus on increasing underrepresented populations in drug abuse research. This early outreach program is competitive; for example, in 2021, approximately 80 of +500 student applicants were matched with mentors. The paid internship involves 8 weeks (40 hours per week) of direct research supervision and professional development. The program is supported by NIDA's Office of Diversity and Health Disparities.

2021 Laurie Armstrong (undergraduate at the University of the Virgin Islands)
 2016 Alexa Frometa, University of Florida (current graduate student at the University of Houston)
